# Testimonials & Recommendations

Parveen Kumar Sharma
Skill Development Facilitator I Communication Skills Trainer I EdTech Evangelist @ UniSkills School of Skill Development

❝ Abhishek is one of the best learners that a teacher feels proud of. He has been a true student and has demonstrated excellent management skills. As the Class Representative, he has been well acknowledged and has shown good management skills. His hard work and technical skills are evident in the activities he participates in. He has been one of the leaders in organising events and has accomplished quality feedbacks from all. I have no doubt that he shall remain a good student and will be a fantastic person to work with when he joins job. All the Best! **less** ❞

❝ Abhishek is one of the most sincere people that I have ever worked with. He knows what it takes to give credible meaning to words like team work and mentor-ship. From long working hours to endless hard work and giving credit to other people's work as they deserve it, Abhishek sets a perfect example of what it is to be a professional working individual. It has been an honor working with him and I certainly look forward to many more years of brainstorming with such a bright mind. He already is a very talented professional and I wish him all the best for all his future endeavors. **less** ❞
